

Duties of the Team Captain

Below are the duties and responsibilities of a Team Captain (TC) of each country.

1. Registration of players

- For registration the TC has to consider the norm for each country (e.g. ranking, qualification, ...)
- The TC has to register the player (with his username and password) using the Player Management System on <http://management.ec08.de>, he should specify name, e-mail and division.
- The TC can clear unrequired spots, these spots will be allocated to other countries in a later registration phase.

2. Further Enquiry

- Each player is responsible for its own (confirming the registration, booking the hotel, booking meals ...)
- The TC is due to solve all questions and problems between player and tournament staff, he has to be ready for further enquiries
- Example: a player doesn't transfer the starting fee in time. Now the TC has to ask this player if he still wants to go on with the tournament or if another player can get his spot

3. Transfer Starting fee

- The TC is responsible for transferring the starting fee for all players of his country but wildcards. As soon as he did so, he has to confirm the payment by email listing the player numbers and amount of money. All payment will run through the TC (except wildcards).

EC08 bank account:

- To be published later -

Confirm payment to Tournament Director Dennis Stampfer:

E-Mail: stampfer AT ec08 DOT de

4. Nomination of a player for a side event

- The TC nominates a player for a side event. This player represents his country.

5. Link between player and tournament

- The TC is the main contact person for questions or problems. He has to be available for interviews and meetings representing his country. The TC is the most important person between players and tournament staff.
